Message from the Ingham County Drain Commissioner Patrick E. Lindemann
 Thank you for using the ICDC SESC site plan creator and soils viewer application. Please use the white space above to write additional notes and information pertaining to your site plan before submittal. This may include, but is not limited to, project timeline, important additional site information, existing or proposed onsite drainage and dewatering, and references to your SESC control measures in the map view.
Landowner SESC Disclaimer
 Landowner is responsible for the continued maintenance of all permanent SESC measures that remain after project completion.
